

STUDENTS FILE PETITION FOR INCORPORATION

Members of School of Journalism Would Have Organization to Conduct Activities.

10 SIGNERS TO ARTICLES

Association to Be for Term of Fifty Years and Headquarters Will Be in Columbia.

The students of the School of Journalism of the University filed a petition for incorporation in the Boone County Circuit Court yesterday, through their attorney, O. M. Barnett. Articles of agreement of the organization were filed at the same time.

Under the articles of agreement, the name of the incorporation will be the University of Missouri Journalism Students' Association. The period of incorporation is to be for a term of fifty years. Headquarters of the organization will be in Columbia.

The purpose of the organization is "for the purpose of promoting literature, history, science, information and scientific skill among the learned professions and particularly in the profession of journalism; to encourage intellectual culture; in general, to improve ourselves and to serve the public in any of the objects enumerated; and to do all such things whatsoever, as may be incident to such objects."

The articles of agreement are signed by Irl W. Brown, Marguerite Barnett, Willard J. Pollard, C. A. Rodgers, Gladys McKinley, Frank E. Belden, E. D. Garth, Bernice Thumore, Charles C. Vance and Frank Robertson. The petition is signed by Irl W. Brown as president and Marguerite Barnett as secretary and treasurer.

The new incorporation, if the application is granted, will not in any way supplant other corporations which are directly or indirectly associated with the School of Journalism.

"The activities of the School of Journalism student body have been extended to the extent that some direct and organized control is essential," say officers of the school. "We believe that through conducting our various enterprises on a strictly business basis with a recognized organization back of them, we can pave the way for even greater undertakings."

I. D. WOODSON HEARD FROM

Former M. U. Student Had Distinguished Record During War. Information has been received at the alumni recorder's office concerning Thomas Dupur Woodson, who attended the University from 1901 to 1905. Doctor Woodson lived in Richmond while attending the University. His father, H. P. Woodson, was also a student here.

After leaving the University, Doctor Woodson attended the Medical School at Washington University in St. Louis, where he received his degree in medicine.

Doctor Woodson is now connected with the Letterman General Hospital at the Presidio, San Francisco, Cal. He was a member of the Sigma Chi fraternity and two honorary medical fraternities at Washington University. During the war Doctor Woodson had a distinguished record. He was lieutenant-colonel in the medical corps of the United States Army in the office of the surgeon-general at Washington, D. C. He organized and was in command of General Hospital No. 4, Fort Porter, N. Y. and General Hospital No. 30, Plattsburg Barracks. He was later chief of the Neuropsychiatric section of the surgeon-general's office. He was also recommended for a D. S. M. by the surgeon-general of the United States Army.

TWO WILL GO TO MEXICO

Students Will Attend University of Mexico This Summer.

Blake Crider and James S. Moose, students of the University, are planning to attend the University of Mexico during the summer term this year. The University of Mexico is offering special inducements to American students during the summer term, and most of the instructors have had experience in English speaking countries.

Moose will get his degree this spring. He has made an enviable record at the University of Missouri, coming here in the fall of 1919 at 15 years of age, after having completed high school at 14, and having spent one year at the Kentucky Military Institute at Lyndon, Ky. During his University career, he has never made lower grades than S, and has accumulated thirty eight and one-half hours' E credit. He is majoring in chemistry and minoring in French. During the summer school term at the University of Mexico he intends to take Spanish.

"Who said Kellogg's Corn Flakes? Oh, good, yes, but we're going to have KELLOGG'S for our supper, 'till we won't dream!"

Leave it to the kiddies to pick Kellogg's Corn Flakes—they are never tough or leathery!

Put a bowl of KELLOGG'S Corn Flakes and a bowl of imitations in front of any youngster! Then see KELLOGG'S disappear! Try the experiment yourself! It's great to know the difference in corn flakes—the difference between the genuine and the "just-as-goods"! Kellogg's have a wonderful flavor that would win your favor by itself—but when you know that Kellogg's all-the-time crispness! Well—they just make you glad! Kellogg's are never tough or leathery or hard to eat!

Kellogg's will snap-up kiddie appetites something wonderful! And, our word for it—let the littlest have their fill—just like Daddy must have his! You'll never know how delicious corn flakes can be until you eat KELLOGG'S! You will know the KELLOGG package because it is RED and GREEN! Look for it!
